

# WEE SLEEP OUT'S BUNTING

## STEP 1

Print off the following pages  
To avoid printing this page multiple times, just click on 'File', then 'Print' and then select the page numbers (2, 3, 4, 5)

## STEP 2

Supervise younger age groups with scissors, and cut out the bunting carefully. **Don't cut on the dotted line, cut around all of the whole shape!**

## STEP 3

Turn your bunting diamonds over, and place some string or ribbon along the top section of the shape.

## STEP 4

Fold over the top of the shape along the dotted line, so that it is covering the string or ribbon. Use some pritt stick to seal it down.

Repeat this process with all of your bunting diamonds as many times as you like to make triangle bunting to fit your event space or home!

ENJOY!
